

Solar Powered, Lighted Piling Caps

Enhance the beauty of your Pier or Dock. Attract new visitors, and light up your life! LunaMar™ solar powered lighted piling caps are quick to install and easy to set-up or change colors through a handheld remote. Create conversation, and spark envy among your friends and visitors!

- Individually select from over 8 different colors for each cap
- Change colors, timing, and more at any time from a simple hand-held remote
- Optional 'down-lights' also illuminate the piling and dock

- Easy to install – no wires, just 3 screws to secure
- Available in 1 inch diameter sizes from 9 to 14 inches
- Fit's pilings down to 7 inch diameter
- Attractive natural white color in the daytime
- Simple settings for color, time to come on after sunset, and how long to stay on

- Order at <https://www.lsi-controls.com/LunaMarSmartDocking.shtml>
